Planners/Developers/Instructors

List Activity Developers:

Pam Douglas has a bachelor's degree in nursing and 10 years of Medicare experience. Ms. Douglas' Medicare background includes Medicare Part A, B, C, and Benefit Integrity. Ms. Douglas has also participated in the development of content for Medicare educational products, including printed material, PowerPoint presentations, and Web-Based Training (WBT) courses.

Loren Minnich has over 20 years experience managing projects that include the development of educational products and training activities for Government agencies. She has 7 years of experience developing reference guides, fact sheets, brochures, articles, and Web-Based Training (WBT) courses for CMS' Medicare Learning Network® for Medicare Fee-for-Service providers.

Elizabeth Uraga earned a Juris Doctorate, with distinction, in health law. Ms. Uraga has developed education for Medicare providers on Medicare Parts A, B, and C in various formats: printed materials, Web-Based Training (WBT) courses, and slide presentations. She has conducted seminars, teleconferences, and one-on-one training for Medicare Part A providers on Medicare law and regulations, including fraud and abuse laws.

List Activity Planners:

Karen Pardue has the education, training and background of a bachelor and a master's degree; in order to facilitate the process of product and content development from inception to dissemination. Ms. Pardue has six years of experience developing content, activity design and implementation of Medicare training and is responsible for oversight of training materials, including print materials, web-based training (WBT), video and DVD production for Medicare Fee-for-Service providers.
